

Junior Linux Administrator — Security Compliance

Hanover, MD (on-site) | Active TS/SCI with Full Scope Polygraph required | Full-time, W-2 with benefits

Technology On Time, Inc. (TnT) is hiring a **Junior Linux Administrator** in Hanover, MD to help keep systems in security compliance for a national intelligence customer. Expect a mix of patching, scripting, and hands-on hardware configuration across several projects. This role is built to grow: how much scope you take on is driven by your appetite for learning the mission capabilities behind the systems.

Required Qualifications

- Active TS/SCI clearance with a current Full Scope Polygraph. This is a hard requirement; candidates without an in-scope FS Poly cannot be considered.
- Fewer than 7 years of professional experience.
- Hands-on Linux administration experience.
- Scripting ability (Bash, Python, or comparable) to automate routine administrative tasks.
- Familiarity with patching and security compliance activities.
- Comfort configuring hardware and working across a variety of tasks and projects.
- Demonstrated willingness and ability to learn additional mission capabilities — this directly determines the complexity of work assigned.

Desired

- Exposure to configuration management tooling such as Puppet or Ansible.
- Familiarity with STIG or comparable hardening standards.

Technology On Time, Inc. is a minority-owned small business delivering cleared engineering, software, and geospatial talent to the Intelligence Community and Department of Defense. To apply, send a current resume to info@techontime.com. TnT is an Equal Opportunity Employer; all qualified applicants receive consideration without regard to any legally protected status.
